

## MANY POOR FAMILIES HELPED BY WORKERS

Clothing, Bedding and Groceries Generously Distributed Yesterday By Relief Committee.

## WEST TULSA IS VISITED

Aged Woman and Three Small Children are Found Living in Tent Torn By Rainstorm.

More money was added to the flood relief fund conducted through The World and Mayor Hubbard. The funds have been turned over to a committee named by the mayor to assist in the care of hundreds of persons rendered practically homeless by the heaviest wind and rain storm in the history of Tulsa.

Mrs. C. H. Hubbard and Mrs. H. E. Gray are giving all their time to the work of aiding the sufferers personally, calling on families, arranging for food, clothing and dry bedding as well as reporting damage to sewers and streets.

Conditions which are not generally known exist in several districts on east Third street in particular. The homes in the 12th and 13th blocks were filled with muddy water. All furniture and clothing in these houses are washed out. At present there is a deposit of slim mud, with piles of debris everywhere, and these homes must be left in this condition until the adjusters have estimated the individual damages.

Meanwhile, between 20 and 25 families are being supplied with clothing, food, bedding and all necessities of life through the ministrations of Mrs. Hubbard and Mrs. Gray, by means of the relief fund. At least \$4,000 will be needed before the work can be completed, and inundated sections of the city made habitable again.

Groceries to tide a family of two or three people over for one week, costs at least \$10, mattresses cost \$1.50 and quilts \$1.44, at reduced prices. These necessities are being provided by the dozen in all parts of the city.

Clothing still is needed to meet the needs of those families who are unable to have their clothing laundered until the damage is estimated by the adjusters. Underwear in particular, and the citizens of the city are asked to donate cast-off clean clothing as liberally as possible in this emergency. When bundles of clothing are collected, call the Mayor's office, phone 1550, and the clothing will be mailed for.

Investigation in West Tulsa yesterday brought to light several families of sufferers that had not, heretofore been reported. One aged woman with three small grandchildren was found living in a tent which had been torn to shreds by the storm. Matresses and all bedding were water-soaked, and not having been able to dry them out because of the daily rains, all were sleeping on piles of rags on the bed springs. The old woman had gone into debt to buy a new fly for her tent, and for a few groceries to feed the children until she could get work again. On the Sand Springs line a pitiable case was found where the mother had been doing washing to support her very sick husband, and her little child. Everything else had washed away in the storm, all clothing and bedding wet, and their store of groceries ruined. Receiving only a small sum per day from her labors, the poor woman was desperate because a small sack of flour costing \$1.90 and a pair of lard that cost her \$1.60 among other foods stuffs had been ruined.

Report of the city health department submitted to Mayor Hubbard by J. H. Elbert, supervisor of health, yesterday showed that 30 residences have been disinfected and fumigated since the flood. The greater part of these are located in the 1500 and 1600 blocks on South Boston, Cincinnati and Baltimore where the largest area was submerged. Houses on East Third street, South Detroit, North Cheyenne, South Guthrie and North Phoenix were also fumigated, while several families living on South Detroit and South Carolina streets have applied to the health department to have their premises fumigated.

## NEGRO IS HELD IN JAIL ON WHITE SLAVE CHARGE

John W. Rivers, negro, charged with violation of the Mann act, on evidence which was presented showing he paid for transportation of two negro girls, was held yesterday morning, was given a preliminary hearing Wednesday afternoon before J. H. Wilkins, United States commissioner, with the result that he was bound over to the grand jury to convene at Ardmore in October.

Rivers is being held in default of \$1,000 bond. Evidence presented disclosed the fact that Rivers sent the two girls into Oklahoma, and that the two were held here. An argument which arose between Rivers and his favorite resulted in him being reported to the police by the girl.

GROVE'S TASTELESS Chill Tonic is not a patent medicine. It is simply IRON and QUININE suspended in Syrup. So pleasant even children like it.

The Quinine and Iron does not dissolve in the syrup and, therefore, does not make the syrup bitter. You do not taste the bitter Quinine and you do not taste the Iron because both are completely covered with syrup when swallowed.

Your system needs Quinine to Purify the Blood and Iron to Enrich it. These good old reliable tonic properties never fail to drive out impurities in the blood, and when you have rich, pure blood coursing through your veins, you feel like running, jumping and shouting. The Spring Fever soon disappears.

GROVE'S TASTELESS chill Tonic is acceptable to the most delicate stomach and does not cause nervousness or ringing in the head. Price 60c.

REMEMBER—We have everything in fresh fruits and vegetables. Why not trade where you can get what you want when you want it. These prices are good until the goods are gone. The place—
